You can find out our members' favourite Nintendo 3DS games like Pokemon, Super Mario or Animal Crossing. As a brand new toy to the world of gaming, the Nintendo 3DS is now on sale in the UK and Ireland in a number of markets. As well as being able to see 3D images, the system is capable of bringing back many of the classic 3D games on Nintendo's portable. See the full list of games below and see if you can pick out a game you would like to download for yourself. There is also the possibility of the game being compatible with Nintendo's Wii U. The Nintendo 3DS is available for £159.99. Those who want to get their hands on the system will need to be quick as stock is expected to sell out soon. A warning has been issued by Nintendo that there could be less product in stock than expected. The Nintendo 3DS will initially only be available as a Black and White model. More colours are expected to be released as part of a planned White release of the new system. The price point for the system seems a little higher than the DS Lite. This is expected to come down once the system becomes more popular. The Nintendo 3DS has a 3.25-inch backlit widescreen touchscreen and 720 x 240 pixels. There is an accelerometer and the system runs the 3.5-inch 30GB SD card. There is an additional slot for a Wii optical disc drive when the system is used with an additional SD memory card and Wii game cartridge. This is expected to be done by the end of 2010. There are different play modes available, including 3D and New Nintendo 3DS mode. Those who enjoy games of a 3D nature might like to consider the new 3DS. The Nintendo 3DS uses its stereoscopic 3D technology to make games look more 3D than ever before. Children as young as six are expected to be interested in the Nintendo 3DS's great games. Its unique stylus really will take users straight back to the past as the device was very reminiscent of the old Virtual Boy. For the New Nintendo 3DS the users are able to see new 3D images of the characters. The Nintendo 3DS will be available from late in 2010. Those who are looking for the best deals will want to be
